PUPPET THEATER:

Puppet Theater has its purpose to train students to teach children Biblical principles using puppets. Learn valuable team building skills in preparation and presentation, as well as developing self-confidence in public presentations. Teams compete at their highest grade on the team. For example, if you have four third graders and one eighth grader and the team competes in Orlando, they will compete as an eighth grade team. We also use our puppet team participants throughout the year in our PALS program. While it is hard work, it is a lot of fun. Making Props, sound effects and script writing await your creativity!

THANKS

We want to express our sincere thanks to Keith Stephens and Mike Van Tassell for their outstanding service to the congregation in running the multimedia room. Especially want to thank Mike for tirelessly supporting in a truly exceptional way. If you have ever worked in the sound room, you would know it is not an easy job to make it all seem effortless.

Mark, Doug, and Ken

As a reminder: our covered drop off area is intended to serve the congregation both as an inclement weather entrance as well as a handicap entrance. Thank you for not using this area as a normal parking place.
